We hereby certify that our articles are fully compliant with the requirements of the European Union Regulation (EC) 1907/2006 on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH):

- According to the structure of the REACH regulation, our company is a manufacturer of "ARTICLES". We do not produce "substances" or "preparations" and our articles do not involve the intentional release of substances.

No registration or pre-registration or authorisation is required for the product we supply.

- With regard to the requirements of REACH Article 33: "Obligation to communicate information on substances in articles", we declare that none of the SVHC (candidate list of substances of very high concern for authorisation published in accordance with REACH Article 59) are present in our articles in a concentration equal to or greater than 0.1%.

Since the REACH regulation is frequently updated, for the main subsequent changes, such as the inclusion of SVHC substances in Annex XIV, the inclusion of substances subject to restriction in Annex XVII, our Company will evaluate further revisions over time and will update the declaration to reflect these changes.

In the event of failure to submit a new declaration, the validity of what is reported herein is considered confirmed.
